

Tents for Homeless

Name

Email (if you have one)

Phone (if you have one)

How did you learn about the program?

What policies, programs, or changes would be helpful? (police not breaking up encampments, not being criminalized for being outside when there is nowhere to go, more supportive permanent housing and support for people with disabilities, more single resident housing, more transitional housing, safe community spaces)

(Optional) Share short stories or artwork by anyone housing unstable or previously housing unstable to upload to our social media accounts.

If you would like to contribute to our Unhoused Creatives series, what name would you like us to use? If sharing artwork to upload, would you like to be anonymous and if not, how would you like us to credit you (name, nickname, initials)
